FULL-STACK SOFTWARE ENGINEER

Highly motivated software developer with a strong background in web development and a passion for creating impactful solutions. Skilled in React.js, RESTful architecture, PostgreSQL, and a solid understanding of MVC architecture and Object-Oriented JavaScript. Experience as a Tailored Services Support Staff and Behavioral Therapist demonstrates an ability to collect and analyze data, remain patient when working with clients, and effectively communicate and collaborate with team members. With a Bachelor of Arts in Psychology and a minor in Music, I bring a unique perspective to software engineering and a commitment to continuous learning and growth.

TECHNICAL SKILLS

Ruby, Rails, PostgreSQL, Javascript (ES6), React, Redux, Thunk, HTML, CSS, MVC Architecture, RESTful routes, Git

TECHNICAL PROJECTS

Looking For - [GitHub](#)

Social care platform equipped with search and bookmarking tools, optimizing access to community resources.

- Built search functionality to improve user engagement and retrieve relevant information from database
- Implemented third-party authentication (i.e. Facebook, Google) to login users
- Engineered user interface using bootstrap, improving user experience with responsive design techniques

CaliGolf - [Github](#)

SPA featuring golf courses in California

- Created backend Rails API using MVC architecture and utilized RESTful conventions
- Encapsulated related data and behavior by using Object-Oriented JavaScript
- Customized CSS as part of the UI navigation

Project Tracker - [Github](#)

Full-stack web application used to organize and manage project ideas.

- Developed JavaScript/React/Redux front-end and Rails/Active Record/PostgreSQL back-end application
- Incorporated redux-thunk middleware to send data and receive data from server
- Applied DRY principle by creating reusable React components

PROFESSIONAL EXPERIENCE

Tailored Services Support Staff

Family, Adult, & Child Therapies

Los Angeles, CA

05/2017 - Present

- Identify and maximize opportunities in accessing on-campus supports (i.e. accommodations, student health services) and generic/community resources (i.e. Department of Rehabilitation) both on-site and screen-sharing sessions
- Generate individual service provider (ISP) reports, create profiles for new clients and input purchase orders using home care management software, organize and maintain documents

Behavioral Therapist

Employed by various organizations including:

Center for Behavioral, Educational, and Social Therapies, Inc (C.B.E.S.T., Inc), STAR of California

Los Angeles, CA

01/2014 - 05/2017

- Executed Applied Behavior Analysis and methodologies (i.e. Pivotal Response Training, Discrete Trial Training)
- Collected data, supported families through parent education, and modeled behavior intervention strategies
